Comments: In 1999-2000 the Tinian Mayor's office held public hearings regarding the "then" proposed live fire range and urban warfare training facility. Back then and even today there is a 80-90% support for this type of facility.

I fully support the use of Tinian's 18,000 acres as envisioned in the 1977 Technical Agreement and strongly suggest that public outreach and education is the key to maintaining the 90% support of its use.
